

LABS FOR SOCIAL INNOVATION — AN EXPLORATORY WORKSHOP —

9 May 2014 | Warwick University, Coventry | 9:30am–3:30pm

This workshop will provide a participatory environment to learn from leading developers and facilitators of social innovation labs and ecosystems from around the world. At the workshop they will share their insights from a preceding collaborative writing workshop on the theme.

The day is aimed at building a bridge between (doctoral) researchers and practitioners in the field of social innovation. Specifically focusing on the practices that are used by social innovation labs.
